# TIMECARD TABULATOR™ II

MODEL 9530

## Payroll and Timecard Calculator

The *TimeCard Tabulator II* simplifies payroll preparation and administration for business owners and managers, payroll clerks and human resource administrators. Perform payroll-related calculations with a minimum of easy keystrokes — total Day Hours for multiple timecard entries using dedicated “In” and “Out” keys. It quickly calculates total Hours and total Pay with just the press of a single key. *TimeCard Tabulator II* uses AM/PM or 24 hour formats, handles most forms of rounding and breaks and can be used in nearly all types of timecard math. The easy-to-read LCD shows answers in simple timecard/payroll terms. The calculator includes a built-in Stopwatch, Timer and Alarm.
